

Task 1 – Angular

Creating application using HTML, CSS and Angular

The screenshot shows a web browser window with the address bar displaying 'localhost:4200/register'. The page has a title 'Register' and a form with the following fields: 'Full Name', 'Email Address', 'Password', and 'Confirm Password'. Each field is represented by a text input box. Below these fields is a blue 'Submit' button. The browser's taskbar at the bottom shows several open applications, including 'arularasijaya - Azure Artifacts', 'Word | Microsoft 365', 'Angular - OneDrive', and 'RegistrationApp'. The system tray on the right indicates a temperature of 28°C and the date 17-01-2024.

The screenshot shows a web browser window with the address bar displaying 'localhost:4200/login'. The page has a title 'Login' and a form with the following fields: 'Email Address' and 'Password'. Each field is represented by a text input box. Below these fields is a blue 'Login' button.
